Arrangements For J.C.-State Split Cleared

Final steps in the state-junior college split were taken Friday at a meeting of members of the State Department of Education, the college and the San Jose Unified school district.

San Jose Junior college officially will join the city's unified school district in June.

"When the Junior college is separated it will develop to large proportions and have an identity of its own," Dr. Jay D. Conner, chief of the division of instruction, told the meeting.

All J.C. property will be turned over to the college. The two-year students will hold classes at the newly-constructed San Jose Technical high school.

The school district plans to have the two student bodies—technical and J.C.—meet together. Classes will be largely vocational, and all high school graduates will be accepted.

Boundaries of the Junior college will follow those already set up for the city school district.

Representatives of the state and the college offered their assistance to Dr. Earle P. Crandall, district superintendent, in establishing the school.

The separation was termed necessary in the Strayer Report on Higher Education, accepted by the state legislature in 1950.

State officials will meet with school district administrators Oct. 11 at the school offices.

Present at Friday's meeting were Dr. John T. Wahlquist, president; Dean James C. DeVoss, Dean Joe H. West, Dean Fred E. Harclerod, E. S. Thompson, business manager; Dr. Crandall, George Downing, assistant superintendent; Curtis Davis, assistant superintendent; Chase Stevens, business manager.

Representing the State Department of Education were Dr. Joel A. Burkman, assistant chief of the division of state college and teacher education; Wesley P. Smith, state director of vocational education; Dr. Frank B. Lindsay, assistant chief of the division of instruction; Dr. Hubert Siemens, consultant in higher education; and Dr. Conner.

Sacramento Calls Five SJS Chiefs For Building Talk

Five faculty members were scheduled to arrive in Sacramento this morning for a discussion with State Department of Education officials on the college's master building plan.

President John T. Wahlquist, Business Manager E. S. Thompson, Dean of Students Joe H. West, Science Division Head Dr. Carl Duncan, Head Librarian Joyce Backus and Physical Education Division Head Glenn Hartranft were scheduled to make the trip.

Students Invited To Chapel Series

The first in a series of weekly Student Y-sponsored chapel services will be held tomorrow morning at 10:45 o'clock in the college Memorial Chapel.

Guest speaker Stanley C. Benz, dean of men, will speak on "Education is More Than Books."

The half-hour service is open to all students and is non-denominational, according to Shirley White, chairman of the Student Y worship committee.

ASB Interviews

Interviews and applications for campus activities will be taken at the ASB office in the Student Union starting tomorrow at 9 a.m.

Educator Addresses Faculty

—photo by Parker
AND I MUST MARVEL AT THE CHANGES—Dr. J. Burton Vasche, a 1931 graduate of San Jose State college and now a top-ranking education administrator, spoke of the college's past progress and brilliant potentialities here last week before the assembled college faculty.

Economic Background Needed By Modern Teachers--Bunting

American teachers should have a thorough background in economics if they are to do an adequate job in present-day industrial America.

This was the main theme of Earl Bunting's talk before college students and faculty members in the Morris Dailey auditorium Friday.

Mr. Bunting, managing director of the National Association of Manufacturers, emphasized that teachers should realize the basic differences between our free enterprise economy and the economics of other nations of the world.

Listing the four foundation

stones of American life as the political, academic, economic and religious aspects, Mr. Bunting said that these bases of life should be presented in schools as an integrated unit, not isolated.

Mr. Bunting stated that there are two concepts of economics which should be understood by every citizen: 1—"Real wealth" equals the amount of consumer goods available to satisfy human needs, rather than money; 2—Capital is employed surplus wealth.

The former president of the NAM was introduced by Dr. Raymond Mosher, dean of education services.

Rusk Potter Tops M.P. Assignments In ROTC Division

Military Police ROTC-Cadet officers and their assignments were released Friday by the Department of Military Science and Tactics.

Rusk W. Potter was appointed cadet major and was designated as battalion commander. The position of battalion executive went to Capt. George C. Hesse. Capt. Charles F. Flaherty was named battalion adjutant.

Assigned to Company A are Capt. Lyle W. Hunt, company commander; First Lt. Floyd D. Coon, executive officer; Second Lt. Donald R. Ruiz, First platoon leader, and Second Lt. Thomas C. Dunlap, Second platoon leader.

Company B officers are Capt. Philip E. Hernandez, company commander; First Lt. Garland E. McAllister, executive officer; Second Lt. Thomas F. Mullan, First platoon leader, and Second Lt. Norvel Pulliam, Second platoon leader.

Officers of Company C are Capt. Billie B. Kelley, company commander; First Lt. Warren K. Jones, executive officer; Second Lt. Richard A. Tharp, First platoon leader, and Second Lt. Odus E. McGowan, Second Lt. toon leader.

Company D assignments are Capt. Stanley Treshnell, company commander; First Lt. Paul M. Chandler, executive officer; Sec-

Student Court Meets Today In the Union

The student court will outline procedure for coming class elections in its first meeting of the fall quarter today in the Student Union at 2:30 p.m., according to Chief Justice Don Binder.

The first of two fall quarter elections will be held Oct. 24, Binder said. At that time sophomore, junior and senior class officers will be elected. Freshman election comes after Thanksgiving vacation.

Court justices are Pat Ablett and Bob Roberts, seniors; Bob Dean and Mari Lou Carl, juniors, and Bill Eckert and Dianne Norris, sophomores.

Court adviser is Dr. Laird S. Swagert, associate professor of social science.

Appointive positions of court secretary and court clerk are open, Binder said. Candidates are asked to contact Binder immediately.

Temperature Falls

The weatherman has applied last week's report of fair and warm to today and tomorrow with one change—the temperature should be 80 degrees instead of 90 degrees.

ond Lt. David J. Adams, First platoon leader, and Second Lt. Victor N. Norton, Second platoon leader.

SAN JOSE STATE COLLEGE

Vol. 41 SAN JOSE, CALIF., MONDAY, OCT. 6, 1952 No. 9

Red Feather Drive Opens; Goal \$1500

Red Feather week on Washington Square begins today as collectors from the Campus Chest committee encompass the campus in an effort to break all records in student donations to this worthy cause.

A goal of \$1500 has been set this year. Students will be given a small red feather in exchange for their contributions.

A booth will be located in the library arch and collectors will pass through 10:30 o'clock classes this morning. Most of the money students give eventually will come right back to the campus, and will be used to help various organizations.

Last year, contributions to the Chest fund were divided so that the Community Chest received 65 per cent, the World Student Service fund 25 per cent, the March of Dimes five per cent, and the Cancer fund five per cent.

This year, the distribution will be about the same except that, for the first time, part of the money collected will go to the Red Cross, according to Bernie Rapley, chairman of the drive.

Miss Rapley asks all students who have any free time this morning to report to the Student Union at 10:30 o'clock and help collect money on campus and in classes.

The boost is opposed by many December and March graduates, who feel they get no benefit from Senior week activities and should not have to pay the higher fee.

Ed Jacobowsky, senior class president, urges all seniors to present their opinions on the proposal at today's meeting.

State Education Officials Attend Faculty Luncheon

Dr. Hubert H. Siemens, specialist in higher education in the State Department of Education, and Dr. Joel A. Burkman, assistant division chief of the Division of State Colleges and Teacher Education, were guests at this year's first bi-monthly Men's Faculty club luncheon.

Also given special invitations were Dr. John Wahlquist, president of the college, Dr. Fred Harclerod, dean of instruction, James C. DeVoss, executive dean and Joe H. West, dean of students.

Dr. O. Clinton Williams, associate professor of English and president of the group, estimates that 30 of the club's members attended the function.

Britain Blows First A-Bomb; Noble Peace Prize Withheld

PERTH, AUSTRALIA (UP)—Britain successfully exploded its first atomic weapon—apparently a baby A-bomb mounted on a steel tower—Friday and probably will set off more atomic test explosions within a week.

The world's 36th known atomic explosion occurred just after 8 a.m. in the heart of the isolated Monte Bello Islands, some 50 miles off the West Australian coast.

The weapon exploded with a bright orange red flash visible for 60 miles and sent a pillar of smoke believed a mile in diameter soaring more than 12,000 feet into the sky.

No Peace Prize This Year
OSLO, NORWAY (UP)—The

Adkins Fund Nears \$400

Nearly \$400 has been deposited in the Graduate Manager's office toward the Chuck Adkins house trailer fund, and at least \$200 is yet to be turned in, Ken Scannell, co-chairman of the drive, said Friday.

Scannell expects the fund to reach more than \$650 by the end of this week. Many living groups, merchants and San Jose service clubs have indicated they will contribute, he said.

AlphiO Replaces Vanished Marker

A new sign with the name of the college and its establishment date is now standing at the San Fernando and South Fourth street entrance to Washington Square. The sign was erected last Friday afternoon by members of Alpha Phi Omega, service fraternity.

Vincent W. Stanislawski made the sign as a pledge project. The all wood sign is painted brown with yellow lettering upon it.

Norwegian Nobel Prize committee announced Friday that no peace prize will be awarded this year.

Russ Demand Recall of U.S. Envoy
WASHINGTON (UP)—The Soviet Union has demanded the "immediate" recall of American Ambassador George F. Kennan as "persona non grata."

Allied Air Power up 50 Per Cent
TOKYO (UP)—U.S. Air Secretary Thomas K. Finletter announced Friday that American air strength in Korea has been increased 50 per cent in the last three months, giving the Allies "complete mastery" of the Korean skies.

Final Fee-Raise Decision Due

This afternoon the senior class council will meet once again to decide whether or not 1952-53 Sparta graduates will be required to pay a graduation fee of \$13 or \$15.

Last week the council voted overwhelmingly to increase the fee. So many senior students protested the proposed increase that the senior class officers will meet again today to discuss the problem.

If the council is foolish enough to rule in favor of the higher fee, then the proposal will be forwarded to the President's council for a final ruling.

We hope the members of the council listen fervently to Senior Class President Ed Jacobowsky's arguments on the increase. Jacobowsky realizes that the raise would be unfair to December and March graduates.

Students who are going to graduate this school year, and have ideas pro or con on the fee-raise proposal should attend definitely the meeting today. The council by all means should hear how the average senior feels before making a final decision.

As we said in a previous editorial: Unless March and December grads are granted more extensive senior activities, they should not be required to pay any fee hike!

The Daily and National Newspaper Week

October 1-8 is National Newspaper week. The slogan of the week is, "Your Right to Know—a Constitutional Guarantee."

The Spartan Daily salutes the idea of National Newspaper week. We see in it a formula for closer understanding between readers and the press.

Too often, the purposes, policies and goal of a newspaper are misunderstood. Many readers do not understand how a hard-working crew of editorial workers organize and produce a publication.

In an effort to create better understanding between students and the Spartan Daily; the administration and faculty and the Spartan Daily, we are devoting a section on Wednesday to the operations and policies of the campus newspaper.

Also there will be an open house Wednesday at the Daily offices, B93.

Many times in the past students have proven themselves ignorant of the purpose of this publication. They forget—and still forget—that this newspaper is a training laboratory for aspiring journalists and is not a large, professional, metropolitan daily.

National Newspaper week has been organized to help you, the readers, understand the newspaper in your community. As a publication of high ethical standards, we are vitally concerned with, informing you of campus life, news and problems. We attempt to accomplish this through our features, news stories and editorial columns.

Our goal is to provide a needed service to this community! We can attain this goal only by receiving the active cooperation of our readers in the community.

Meetings

AND ANNOUNCEMENTS

Alpha Chi Epsilon: Everyone interested in kindergarten-primary education meet tomorrow in Room 24 at 3:30 p.m.

AWS: Meet in Dean of Women's office today at 12:30 p.m. to address recognition awards envelopes.

Bibliophiles: Meet at 889 Plaza drive, Willow Glen, Wednesday night at 7:30. Those needing transportation be in front of the Student Union at 7:15 p.m.

Homecoming committee: Meet today at 4 p.m. in the Student Union.

Newman club: Tickets for the hayride and picnic Sunday, Oct. 12, are on sale today at the Library arch for 75 cents.

Senior class council: Meet today at 3:30 p.m. in the conference room of the Women's gym. Executive council meet today at 12:30 p.m. in the same place.

Sophomore council: All sophomores are invited to attend the meeting at 3:30 p.m. today in Room 127.

Dr. Telford's Division Adds Two to Staff

A ten per cent increase in enrollment has forced the hiring of two part-time instructors, Dr. C. W. Telford, chairman of the division of psychology and philosophy recently announced. Dr. Telford named Jack Marsh, a former San Jose State college student body president and 1939 graduate, to the psychology post and Dr. Friedrich S. Simoni to the one in philosophy. They are doing graduate work at Stanford. Dr. Telford stated that the method and that each has completed all the necessary work for a doctorate except the dissertation.

According to Dr. Telford, Marsh taught social sciences for several years at San Jose High school. He will instruct Psychology 55.

Dr. Simoni already has a Ph.D. degree from the University of Rome, reports Dr. Telford. He will teach Introduction of Philosophy and Philosophy of Religion.

Aviation Society Elects President

Roy Hodges was elected president of Alpha Eta Rho, honorary aviation fraternity for the 1952-53 school year at the first meeting of the air group held recently in Room 21.

Other officers are: Don Friar, vice-president; Ken Thomas, secretary; Clyde Rutledge, treasurer, and Sam Momii, historian.

The fraternity made plans for a smoker to be held Oct. 15 at 7:30 p.m. in the Student Union. Thomas Leonard, associate professor of aeronautics; Bob Kruse, Flying 20 club president and Hodges will address the fraternity members and attending guests.

Advertising Frat Selects Officers

Alpha Delta Sigma, national advertising fraternity, held elections at its regular Wednesday night meeting in B94.

Results: Gelso Gualco, president; Bill Pettet, vice-president; Ed Walters, secretary; Tucker Simpson, treasurer.

For the first time in its history, the fraternity will have an organized pledge system, Gualco said. Beginning this quarter, prospective members will have a four month pledging period, he reported.

Job Opportunities

Full-time positions are open to typists and stenographers at the Food Machinery corporation, according to Mrs. Florence Cardoza, full-time placement secretary.

Applications are to be made through the Placement office, Room 100, Mrs. Cardoza said.

Kibby Foresees Big GOP Vote In South; No Tax Reduction

"The chances are good that the Republicans will make quite an indentation on the southern Democratic stronghold in the coming election," said Dr. Leo P. Kibby, head of the social science department, Friday.

Disagreement on the civil rights issue and the harsh feelings caused by limiting conditions placed on southern delegates to the Democratic national convention will aid Republican vote-getting chances, Dr. Kibby explained.

The extensive southern campaign of the Republicans should also have a positive effect in the election outcome, the social science head declared.

"It is not humanly possible to make any drastic reduction in government spending within the next year or two," Dr. Kibby said regarding Republican promises of up to \$60,000,000 cuts in government outlays.

The defense effort, and other government commitments would

make such cuts impossible, he explained.

The recent investigation of the expense fund of Sen. Richard Nixon, Republican vice-presidential nominee, has apparently boomeranged on the Democrats, Dr. Kibby opined.

"The radio-TV speech in which Nixon reviewed this fund was doubtless the best campaign move by the Republicans thus far," declared Dr. Kibby.

The incident has built up the dull, vice-presidential campaign, and given Nixon a national recognition which he lacked until then, Dr. Kibby explained.

"The Taft-Hartley act is not actually an important issue in the election, but rather a campaign convenience," said Dr. Kibby. Party affiliation determines the reaction of most people on the labor law, he explained.

Dr. Kibby predicted a close election, but said that public opinion hasn't crystallized sufficiently to give much weight to guesses as to the outcome at this time.

Students Wanted By Grad Office

If you are on the list below you are wanted in the Graduate Manager's office as soon as possible.

Those who are requested to report are: Jim Marks, Marilyn Mortenson, Leland G. William, Phillip Crimins, Gladys Martineau, Sarah Eckert, Warren H. Ramsey, Janet Creel, Diane Dyke and Roy M. Nevins.

Treasurers of the following organizations are asked to report immediately to the Graduate Manager's office to sign authorization cards: Epsilon Nu Gamma, Forestry club, Haleiwa club, Inter-Organization dance committee, Kappa Kappa Gamma, Student NAACP, Pi Sigma Chi and the Spartan Senate.

X-Ray Unit To Be Here This Week

Students who failed to take their chest x-rays during the required health examinations held recently will have a chance to do so when the mobile x-ray unit is on campus Wednesday and Thursday.

Hours of examination are 9 a.m. to noon and 1 to 3 p.m. on both days. Students are requested to report directly to the trailer to obtain their examination.

Popcorn is used in a polishing operation in the manufacture of some radios.

Golden Raiders Triumph Over Favored Arizona

By BILL TUNNELL

After a series of costly penalties and a bad punt kept the Spartan footballers in a hole most of the first half, they roared back in the second period to beat Arizona State at Tempe, 21-14, Saturday night in Tempe.

The Sun Devil team had been undefeated until this game and was ranked 22nd in the nation by the weekly press polls.

The game, which had the Tempe team favored by 12 points before game time, was played before an overflow crowd of 16,000, and in 81 degree heat.

Arizona State started off the scoring late in the first quarter when they finally drove over from the one yard line on fourth down after the Spartans' defense had stopped them on the previous series of plays on the seven yard line.

Just 40 seconds later the Golden Raiders scored. On the first play from scrimmage, Lynn Aplanalp, the Spartans' brilliant quarterback, faded back and hit Stan Wacholz with a 32 yard pass. Wacholz had gotten behind all Tempe defensive men including John Henry Johnson, the former St. Mary's flash, and from the 20 yard line he ran over for the score. George Porter, Spartan tackle, booted his first of three extra points to knot the score 7-7.

The locals controlled the ball most of the second quarter but failed to score and the game was still tied at halftime.

The Golden Raiders went ahead in the game for the first time late in the third quarter as Aplanalp drove them 48 yards in seven plays with Al Matthews slipping around end from six yards out. Outstanding plays in this drive were a 10-yard pass from Aplanalp to Larry Matthews, an 11-yard dash by full-back Dick Stults and a 20-yard pass from Aplanalp to end Bob Amaral.

The Sun Devils roared back to tie the score again on their first play from scrimmage when Half-back Dick Curran took a pitch-out and scooted 73 yards for the score.

The Spartans scored the winning touchdown four minutes into the final quarter when they marched 74 yards in 16 plays. The big play of the series was Aplanalp's 15-yard pass to halfback Bob Osborne which set the ball up on the five yard line. Aplanalp carried twice for two yards, Stults carried to the one and on fourth down Stults went over left tackle for the tally.

The Sun Devils put on a drive late in the game but their desperation march was stopped by the locals' hard-charging defensive line on the 27.

The Spartans outgained their foes in total offensive yardage, 376 to 302. They were on the short end in the rushing column 157 to 231 but far outgained Tempe in passing 219 to 71. The Golden Raiders also held the edge in first downs compiling 18 to the Sun Devils' 13.

Aplanalp and Stults were the big guns in the Spartan offensive thrusts but the play of ends Wacholz and Amaral, halfbacks, Larry and Al Matthews, Roy Hiram and Osborne was also outstanding.

Aplanalp, who was rated 22nd in the nation in passing before this game, threw 20 passes and

completed 12 for an overall gain of 212 yards. He had one pass intercepted, his first of the season.

Stults was ranked third in the nation for rushing previous to the Sun Devil tilt in which he picked up 114 yards. He now has 232 yards gained in three games. Stults also came up with the longest run from scrimmage for the local club, a 17 yard dash around end.

Transfers To Aid Spartans, Says Williams

With 38 men working out, Walt Williams, baseball coach, stated today that the Spartans have a very promising group of junior college transfers and freshmen baseballers.

With more men coming out for spring practice, Coach Williams sees prospects of filling gaps in the varsity team. He considers himself lucky, however, in losing only three of his last years varsity men. Missing from the team this year will be Clair Parkins, Andy Miller and Joe Bonfiglio.

Back this year will be Bob Poole and Doug Boehner, pitchers; Ron Palma and Jack Richards,

WALT WILLIAMS
... Baseball Mentor

second basemen; Ralph Cleland, right fielder; Harvey Del Buono, catcher and Joe Lenhardt, left fielder.

Dick Penrose, Oregon State college transfer, who was ineligible last year, will be pitching this year.

No one has appeared to fill the vacancy left by Andy Miller, last year's leading hitter.

Spartans Play Stanford Here In Water Polo

Sparta's varsity water polo team meets their Stanford counterpart in their first game of the

CHARLIE WALKER
... Water Polo Coach

season this Wednesday, Oct. 8. The game will be held at SJS at 8 p.m.

The frosh team plays it's second game of the year at 4 p.m. the same day. They meet Palo Alto, champions of the Peninsula Athletic league and one of the nations' outstanding prep teams.

The starting lineup for the varsity will be Jay Flood, goalie; Captain Bill Finch, centerback; Bob Filler and Bob Gorman or Dick Engfer, backs, and Fred Postal and Chet Keil, forwards.

Tickets on Sale For Home Game

Friday noon is the deadline for students and faculty to purchase guest tickets for Friday night's San Jose State-Fresno State football encounter at Spartan stadium, according to Miss Mary Ellen Martinez, ticket manager.

Students and faculty members who plan to buy guest tickets will be required to pick up a ticket in order to sit in the guest section. Cost of the guest tickets are \$1.20.

SPORTS

Daily Report on Spartan Athletics

Judo Men Speak Out About Ancient Sport

By BILL FARR

One of the most successful, yet least publicized of Sparta's athletic aggregations, is the college judo team. Jim Foster and Tom Dunlap, two of the squad's standouts dropped in last week to tell us about the situation.

Not wanting to argue with the boys we decided we would give them some well-deserved copy in our daily tabloid. First off, they think we should let our readers know what judo is, therefore we will endeavor to do so in the next few paragraphs.

The ancient sport was invented by the late Jigoro Kano of Japan. He started a school called Kodokan in 1882 to propagate the game. Ju or jiu means "gentle" or "to principle." In short judo means a way or principle of giving way.

Kano explains the principle thusly, "If a man is stronger than I, he will surely defeat me in combat with strength against strength. But, if, instead of opposing him, I were to give way to his strength by withdrawing my body just as much as he had pushed, remembering at the same time to keep by balance, he would naturally lean forward and lose his balance."

That thrust and parry idea seems to be the main principle of the sport. In other words comparative strength means little in judo, its agility and cleverness that counts.

The game's creator illustrates this principle by telling of a man who was walking along a road beside a precipice.

Suddenly a man sprang upon him and tried to force him over the cliff. If he resisted he would surely have been pushed over the embankment, but instead he gave way, twisted his body, pulled his opponent towards him and easily threw him over the precipice.

The team is coached by Yoshihiro Uchida, a fourth degree black belt holder. Uchida has three members of last year's championship team back this year. They are Foster and Lyle Hunt, first degree black belts, and Dunlap, a first degree brown belt.

Ability in judo is gauged by the belt system. The novice is a white belt. His first goal is becoming a brown belt, then working up through the degrees to a black belt rating. The highest of all judo men are tenth degree black belts. Only two men, one of which is Kano, have achieved this accolade.

Moorhead Interprets Top Election Results

Dr. Dudley T. Moorhead, associate professor of history and political science, termed the rout of the Communist party in Japanese legislature elections this week "not surprising."

Unofficial count of the final voting showed the Communists, who formerly held 22 seats in the legislature, being shut out completely. Premier Shigeru Yoshida's Liberal party was returned to power, claiming 240 seats in the 446 member legislature, according to unofficial totals.

The election outcome merely shows a natural reaction against Communism, Dr. Moorhead said. The Japanese are traditionally inclined toward a class system and fascism, and have never agreed with the ideas of Communism, he explained.

"The Communist threat in Japan is much over-rated. It will take a long period of time, or else a revolution to place the Communists in a powerful position in Japan," he continued.

Dr. Moorhead said that Yoshida is a "middle-of-the-roader," and it was for this reason that he was supported by Gen. Douglas MacArthur.

"Yoshida follows a policy of 'wait and see,' and he will continue to lean toward the west as long as it seems profitable for Japan," Dr. Moorhead predicted.

Group To Appoint Variety Director

John Bishop, Homecoming chairman, has called a meeting of the 1952 Homecoming committee for today at 4 o'clock in the Student Union.

Purpose of the meeting is to select a variety show director for Homecoming week, which will be Nov. 3-7. The San Jose State-Brigham Young football game will top the week's activities, Bishop said.

Anyone interested in helping with the homecoming should be present at today's session, he said.

Social Affairs and Rally committee heads are also asked to be present today.

Psych Department To Move Offices

The psychology department will move to new offices in the technical high school building on the corner of Seventh and San Fernando streets as soon as carpenters and painters finish their work, Dr. C. W. Telford, chairman of the department, announced today.

"Work now is being completed on our experimental laboratory," Dr. Telford said.

Baby-Sitting Favored at AWS Meeting

More than 160 women students attended the first AWS meeting Wednesday at 4:30 p.m. in Room 24.

A project of baby-sitting for faculty members who are acting as patrons and patronesses at school dances was discussed with favor by the students.

Committees were formed to help with the Campus Chest drive, which will be held this week.

Freshmen women who don't have big sisters were asked by Sallee Lotz, second vice-president, to sign up in the Dean of Women's office or the AWS lounge. She said there were 2,000 little sisters this term and 300 big sisters.

Quinley Asks That Veterans Complete Attendance Forms

Veterans attending school under the several veterans laws are asked to comply with the deadlines announced today from the Registrar's office, Room 124, and the Accounting office, Room 34.

Korean veterans attending school under the Korea GI bill must fill out form 7-1996a, verifying their attendance here, by Oct. 8, C. W. Quinley, Jr., acting registrar, announced.

"Failure to comply with the deadline may result in late allowance payments," Mr. Quinley warned.

Korean veterans who have not filled out form 7-1993 also must do so immediately, he said.

"Veterans attending school under the California Veterans Assistance program must sign attendance vouchers by Oct. 10 for September and October, or risk delay in receiving their checks," Glen Gutormsen, accounting officer, disclosed.

Oct. 17 is the last day for veterans to purchase books on forms PL-16 and PL-346, Gutormsen added.

Today's Bums Lack Screwballs of Old, But the Yankees Have Their Share

By JERRY GARBARINI

This reporter has nothing against the Dodgers. But we wish they'd play it straight and get back in character.

What are we talking about? Just this. The Bums haven't got a screwball on the club. They're mostly earnest guys; well educated, too. Jackie Robinson and Pitcher Joe Black boast college degrees.

But, what's the Dodger reputation? Eccentricity—spirited ignorance, zany signals, guys who steal third with the bases loaded. Calculated whimsy, you know.

Apparently, they've discarded the script. Except for a tendency toward blowing lengthy leads in a surprisingly short time, the Dodgers are as predictable as tomorrow morning. Truth is, a Brooklyn player has yet to show up at the wrong park in the current World Series. Imagine!

Manager Charlie Dressen should

awake. The Yankees are beating his team at their own art. Berra, McDougald and Stengel are basically men of the Dodger stamp. See if you can trade Cox, Campanella, or yourself for them this spring, Charlie. It would only be fitting.
